Council talks but no decision as yet

There was a lot of discussion but no decision on the proposed policy to close 66 feet shoreline allowances in Stanhope Township. The discussion took place at a special meeting of the township council held Monday evening.

Council members, with the help of township lawyer, Jim Cruikshank, had drafted a policy but because of the far-reaching ramifications the policy might have, a by-law to enforce it has been postponed and more discussion has been sparked.

The president of the Maple Lake Property Owners' Association, Dave Stirrett voiced his opinion to council on Monday asking why a blanket closing by-law couldn't be enacted for the whole county so that individual townships would be covered and problems might be reduced.

He called the Dysart et al

policy, which gained County Council approval in May, "hasty" and urged Stanhope to take more time to find all the answers and then make a decision.

Stirrett was also concerned about the cost of purchasing the 66 foot frontage which could run as high as \$1000 in some cases.

Stirrett expressed concern about the variations in market value between seasonal and permanent residences. He said this difference is not reflected in the policy adopted by the county whereby property owners wishing to acquire the shore allowance would pay a flat fee and a set amount for each foot of frontage.

He told the meeting that the Maple Lake Association and their lawyer have been meeting on a regular basis with the township lawyer in

(more on page 6)

Laurie McKnight, centre, was chosen Sweetheart of the Haliburton County Fall Fair this past weekend. The selection of the Sweetheart, seen here with Princesses Teresa Cowan, left, and Valerie Anderson, was just one of the many activities which entertained over 4000 visitors during the annual event. Results of competitions and more pictures of fair activities can be found on pages 4,5,7,8 and 9.

Woman charged following Highway 121 mishap

A 21 year old Willowdale woman has been charged with careless driving after her car went into a ditch and rolled over.

Jennifer Smith received minimal injury in the accident which caused \$3000 damage to her 1980 car.

Smith was driving east on Highway 121, west of the Ingoldsby turnoff when the accident occurred. The mishap took place August 9. Constable Boyd Jarvis investigated.

Meet on hill

A collision, August 10, on a hill on County Road 7, caused \$1000 damage to one car and \$600 to the other.

Gerald Scott, 41, of Peterborough, was driving north and Norman Morrison, 51, of Scarborough, was driving south, when they collided on the crest of a hill.

Morrison, who received a minor injury, was charged with driving left of the centre of the road.

Constable Boyd Jarvis was the investigating officer.

Man charged

A 20 year old Haliburton man has been charged with careless driving and failing to wear a seatbelt after his car rolled over in a ditch.

Three passengers in the car with driver Brent Colliver were also charged with failing to wear seatbelts.

Colliver was driving south on County Road 3 when his car went into the ditch. He sustained minimal injury in the accident.

\$2000 damage was done to

the 1975 car.

The incident occurred on August 11. Constable Boyd Jarvis was the investigating officer.

Wet pavement

A 1978 model car received \$2000 damage after the driver lost control on wet pavement on a curve August 8.

Wendy Johnston, 29, of Toronto was driving east on Highway 530, near Maple Lake when she lost control of the car causing it to go into the ditch and roll over.

Constable Gary Chapman investigated the mishap.

Sideswipe

A 23 year old Scarborough man faces a careless driving and an impaired driving charge after an accident on South Water Street on

Saturday.

Wayne Walmsley was driving north on the Minden road behind another vehicle, driven by Gary Hare, 20, of Burlington.

Walmsley passed Hare's car, sideswiping it. As he attempted to turn to the right, he forced Hare's car off the road.

Walmsley continued driving but lost control on a curve going onto the shoulder and striking a hydro pole.

Two thousand dollars damage was done to Walmsley's 1973 car and \$700 was done to Hare's 1973 vehicle.

Constable Mike Smith investigated and reported the time of the accident was 8.40 p.m. on August 9.

Society ready for first flower & vegetable show

Minden residents and visitors are in for a colourful treat this Thursday and Friday as the local Horticultural Society holds its first flower and vegetable show.

This is the first time the society has held such a competition and according to the organiser, Pat Campbell, the interest in the show is keen.

The competition is open to all members of the society.

They can compete in a large number of categories including individual entries and in arrangements.

An interesting feature of the show will be displays from other horticultural societies in the area. The local group invited these societies to provide a display on the theme, 'nature at its rugged best'. These will be judged along with three displays

(more on page 6)

It takes a lot of drive to hammer home a five inch spike as the effort illustrated here indicates. This contestant was one of a number of women to accept the challenge of the nail driving contest during the Haliburton County Fall Fair. More pictures of fair activities can be found in this edition of The Times.

FROM THE CHAMBER

By Bob Stinson

Conflicting statements and viewpoints on acid rain have become commonplace and with present trends we shall probably see more of this. Inco has begun a major advertising campaign to convince the world that they are not guilty. This sort of advertising has been underway for some time by major coal producers in the U.S. Apparently Ontario Hydro is about to get into the act.

The contribution of Ontario Hydro Power Plants to the acid rain problem is relatively small on a continental basis, but still is significant. Compared to the U.S., where utility emissions count for two-thirds of the SO₂ pollution, Canada's power companies are tiny, contributing only about 10% of our national total. This still amounts to about 600,000 metric tons per year in an area where reduced emissions are likely to be among the easiest to achieve. In Ontario there are large coal fired plants at Nanticoke, Lambton and Lakeview. None of these have scrubbers which have the potential of removing 70 to 90% of the SO₂ produced.

Environment minister Harry Parrot said in May that further announcements would be made within a few weeks to deal with Ontario Hydro. Three months later we have heard nothing. Hydro, on the other hand, have concluded that Canadian utilities are only minor contributors to the problem and suggest that "the most cost effective way of using research funds is therefore to confirm and publicize this fact".

The much publicized control order issued to Inco in May has the effect of reducing their allowed emissions from 3600 tons per day to 2500 tons per day. The fact is however that since the end of the 1979 strike, Inco has only been emitting 2500 tons per day. Many environmentalists maintain the control order should have been much more stringent. Federal studies indicate that the technology exists to reduce emissions below 1000 tons per day at a cost of close to \$600,000,000. Studies conclude that the company could afford this economic burden.

Provincial studies carried out during the Inco shutdown apparently showed that the Sudbury plant contributes less than 10% of the acid rain falling in the Muskoka-Haliburton area. However the Federal Minister of the Environment announced that "Inco emissions alone account for approximately 30% of the sulphur deposition in Ontario, and with respect to the Muskoka/Haliburton region, which is particularly susceptible to damage from acid rain, approximately 40% of the sulphur deposition originates from this source."

The scientists blame methodological differences for the variations in their estimates.

New members in Minden

Just north of Minden on the Bobcaygeon Road a new building was erected this summer to house G. Glass Products under the management of Tom Gough. Tom apologises for the fact that the building does not yet have

siding installed but this is due to the fact that business is so good since he opened the doors that he has not had time to install it.

Tom has moved into the area from Parry Sound and his partner Merv Gibson intends to follow his lead shortly. He handles a full line of glass products including mirrors, doors, patio doors, thermopane windows and complete window units. Drop in and say hi and welcome him to the area.

T & L Records and Tapes recently opened on the main street of Minden just next to Norphoto. June Holland made a snap decision to get into this new business and from all indications it was a wise one. Along with their large inventory of all the latest in tapes and records they can also pick up special orders on a weekly basis for any items they do not have in stock. June, of course, is a native of Minden and we welcome her into the business community.

The Wagon Wheel Restaurant and Motel is under the new management of Jean Jennings, her daughter Lorraine and son in law Ed and a big helping hand from all the grandchildren. Jean, who enjoyed a considerable reputation for super Chinese Food when she was the proprietress of Gelert Gardens, is looking forward to seeing many of her old friends again at this new location. I am sure those of you who have enjoyed her food before will join with us in welcoming her back, and we wish the family much success.

Go east this weekend

The major activities this weekend are taking place in the eastern townships. In Wilberforce it is their annual Rockhound Fair, a showcase of Canadian rockhounding. Activities take place in both the Monmouth Arena and the Lloyd Watson Memorial Hall with gem and mineral exhibits, lapidary carving and silversmithing demonstrations, field trips and mineral identification booths. You can swap rocks, listen to knowledgeable speakers and pan for gold. Everything gets underway beginning at 6.00 p.m. Friday night running through to Sunday at 6.00 p.m. with the big dance on Saturday night.

Not far away in Gooderham it is time for the Gooderham Old Tyme Horseshoe Days once again. This annual carnival centres around a giant horseshoe tournament. In addition to the tournament there are carnival events, a dance, and beer gardens.

You don't have to be a rockhounder or a horseshoe enthusiast to enjoy either of these events, there is fun for all ages at both. Come join the fun.

THE BANK WHERE PEOPLE MAKE THE DIFFERENCE

HHSS student starts year south of the border

Lee Potter, a 17 year old student from Haliburton Highlands High School, left the county Sunday and doesn't expect to be back for at least a year.

Lee, the daughter of Mr. & Mrs. Jim Potter of Soyers Lake, is the latest student from this area to take part in the Rotary International student exchange program. Her year in Mexico is being co-ordinated through the efforts of the Minden Rotary Club.

Last Thursday afternoon, as she sorted through slides of Haliburton County and the provinces of Canada, Lee talked about her trip south of the border. She had first heard about the Rotary exchange program through the high school. Each year applications are invited from senior students who wish to spend a year in a foreign country.

These applications are considered by a committee of

members from the sponsoring Rotary Club and interviews are held with the most promising candidates. Late this spring, after the formal processing was completed, Lee heard from the Minden Rotary Club that she had been chosen to be their representative in the program.

Under the Rotary exchange, clubs sending a student to a foreign destination must also play host to a visitor from overseas. The student and family pays for the air fare and incidental expenses while the host club provides accommodation at the homes of club members and a weekly stipend. While in the foreign country the student is obliged to attend high school.

After Lee was chosen, the difficult task of selecting the country in which she wished to spend a year began. Lee's first and second choices were European destinations,

Germany and Holland. These are popular locations for exchange students and the co-ordinators were unable to find a spot for her in those countries. Her third choice, Mexico, did however have openings.

Lee's home for the next twelve months will be in the industrial city of Saltillo in the province of Coahuila. "The city is about 53 miles from Monterrey, 500 miles from Mexico City and just 150 miles south of the Texan border," Lee explains. "It is a tourist centre, but not one that many Canadians would be familiar with. It is located in the mountains and is a popular destination for Mexican tourists. Canadians travel to Mexico, particularly in the winter, to find the heat of the sun. Mexicans, when they want a holiday, want to escape from the heat."

Lee explains that the mountain location of Saltillo provides the community with

a moderate climate. The city is known in Mexico as "the air conditioned city" because of the pleasant climate. The city has a population of 220,000.

Lee left Canada on Sunday with a limited Spanish vocabulary. She has learned a few words prior to her departure, but, like most exchange students, one of the first tasks facing her when she arrives will be learning a new language.

Of particular interest to the readers of The Times, is the fact that Lee is a very good friend of Lorraine Perry, the Rotary exchange student who expected to return home today. They have kept in touch during the past year by mail and plan to continue their correspondence during the coming year.

During the past year as well, Lorraine has entertained readers with accounts of her adventures and activities in Belgium. The reprinting of letters sent home to her family, under the heading 'Letters from Lorraine', became a popular feature in the newspaper. Those who followed Lorraine's activities will be pleased to know that Lee has agreed to continue that tradition. 'Letters from Lee', recounting her impressions of Mexico and her activities there as an exchange student will begin shortly in The Times.

For the moment however, Lee is settling in with her hosts, Jesus and Rose Davila in Saltillo and preparing for the start of school, which in Mexico, begins August 20.

Lee Potter, now living in northern Mexico

Dog days of summer

...some observations in passing as the dog days of summer send even the most churlish of editors on a search for an empty hammock and a cool breeze...

The bent and trampled grass is the only indication now of the passing of the 116th edition of the county fair. As quickly as it came, with months of preparation, weeks of anticipation and three days of frantic activity, it is gone, flown like the birds which gather in swirling clouds over new mown fields.

In its wake, pleasant memories, fluttering red, blue and white ribbons in homes throughout the county and beyond, and thoughts of the year ahead.

While some events and activities at the fair grow and prosper, others fade and lose their vitality. The attendance appeared to be down this year and there were fewer commercial exhibitors. There are shortcomings and areas for improvement in the county fair as there would be in any event of this size and nature. We leave it to the members of the Agricultural Society to ponder the events of the weekend and, in their able fashion, provide an even better show next year.

We should also recognize the annual fair is an event organized by volunteers. While many people enjoy and attend the fair, few realize the amount of co-ordination and effort that is put forth each year to make the weekend a success. This includes volunteers who started working on details last fall and those who were available for a few hours on Saturday and Sunday. They all contributed to the fair's success.

It should also be remembered that a fall fair of the class held in Minden each year is meant to be a fun event. The line on the first page of the fair booklet, "The friendly fair since 1864" sums up what we think should be the attitude of the organizers, entrants and those in attendance. Friendly competition, a community effort, a friendly gathering...

We can't help but agree with the writer of a letter which appears on this page. She points out, quite correctly, that there seems to be an avalanche of carnivals, fairs and festivals in the county during the last few weeks of July and early August. It is invigorating to have such a wide and varied choice of family activities, but crammed into such a short span, leaves one hardly time to recover from one event before another starts.

Some co-ordination and co-operation might just do the trick...

It is with a mixture of envy and concern that we observe, on almost a daily basis, the antics of a group of youngsters splashing and frolicking in the water by the Minden government dock.

Envy, because of the memories of summer days long gone. It rings a bell, from somewhere in the distant past, of quiet summer days, swimming holes, bicycles on the open road and days spent watching clouds float by. These are days lost forever, except in memory, days we do not wish to deny these youngsters.

Concern, because of the swift flowing and deep water of the Gull River that sweeps by the dock. In the last few weeks in particular, the heavy flow of water swirling downstream has added to the hazard. The youngsters who dare to use the dock as their swimming hole appear to be excellent swimmers, but every time we see them we can't help but feel a twinge of concern.

May their memories of endless summer days be warm and pleasant.

Letters Letters

Editor:

Today I spoke to Mr. D. Hodgson at the Board of Education with reference to the current situation regarding possible asbestos contamination in the schools in Haliburton County.

Mr. Hodgson was most obliging and informed me that suspect samples had been sent for analysis. However apart from a small amount discovered in one school, (which has now been removed), no evidence of

asbestos contamination has been demonstrated. Mr. Hodgson has agreed to a press release at a later date when results are more certain.

It would appear that this news will be most welcome to parents and teachers alike and I would like to express my gratitude to the Board of Education for their investigation.

Sonya Holliday-Rhodes
President
Haliburton County Anti-Pollution Committee

A face at the fair

REPORT FROM PARLIAMENT

by William C. Scott, M.P.

The Federal Minister of Employment and Immigration has announced a new federal make-work program, called the Canada Community Development Projects, and scheduled to commence on or about November 17, 1980.

A total of \$105.5 million has been allocated to the program, \$103.5 million to be spent initially and two millions to be held in reserve. Quebec has been given \$37.9 million for their share, or between one third and one-half of the total. Ontario has been given \$11.2 millions.

The basic allotment for ridings has been set at \$100,000, and that is the amount allotted to Victoria-Haliburton, and to most other ridings in Ontario.

Most ridings in Quebec have received allotments well

in excess of the basic \$100,000, with fifteen ridings receiving amounts of one million dollars or more. Two Quebec ridings will receive more than two million dollars, and two others will receive more than three million dollars.

There are several areas of special emphasis in the guidelines provided by the minister, and these will be given high priority in assessing projects submitted for approval.

Some of these, such as aquaculture and fisheries infrastructure, will have limited appeal to Victoria-Haliburton, but others should attract considerable interest among prospective applicants.

Among these are: tourism development; energy conservation and alternative energy

sources; community restoration and development, and environmental conservation and reclamation.

Information concerning the new make-work program, and application forms, are expected to be available to prospective applicants this week at all Canada Employment Centres and Employment Development Branch offices.

Some of the key objectives of the program are to create jobs that would otherwise not be available; to provide skills that would assist the workers in securing employment following termination of the program, and to affect community improvements of a more or less permanent nature.

Project applications may be submitted by existing organizations, businesses and partnerships, as well as individuals in some instances. Municipalities may also submit applications under the program, as long as the projects do not conflict with provincial regulations.

Interested groups and

individuals would be well advised to obtain explanatory material on the program and study it carefully before completing application forms, to minimize the risk of having applications rejected.

Some points for applicants to keep in mind are: a project must generate at least three new jobs; a project cannot compete with, or duplicate, any existing services in the community, and, a project-related job must not be of a nature normally financed by other means. Also, jobs created by projects under the program must not simply be a conversion of a job normally filled by volunteer labour.

While the Canada Community Development Projects has considerable merit, its chief drawback is that it's designed to create less than 20,000 part-time jobs when the real problem is to find meaningful, long-term jobs for the more than 800,000 unemployed in Canada.

Deadline for filing applications under the program is September 29, 1980.

Letters

Editor:

While enjoying a parade, a carnival or a fair as much as the next person, I do feel that four such events in the space of two weeks is a bit much and almost more than this area can stand.

I refer to the Minden Rotary Carnival, the Haliburton Legion Carnival, the Haliburton Rotary Carnival and the County Fair.

Short of combining any of them, surely something could be worked out so they could be spaced out more over the summer months thus

Letters

attracting new crowds to each and allowing for the enjoyment of "anticipation" to be extended. Those people not yet on holiday have now missed all four events!

Bringing the dates of the Fall Fair forward this year probably presented a different kind of problem - gardeners must have been hard pressed to have their exhibits ready in time in view of our wet spring and summer weather to date.

And yet in spite of the above, I'm already looking forward to next year!

Jean Mayo (Mrs.)
Minden.

Seniors claim fair prizes

For some people at the Haliburton County Fair the prizes are won simply for being there.

Such was the case this past weekend when four individuals were honoured for being the oldest woman, the oldest man and the longest married couple at the annual exhibition.

The prize for the oldest man at this year's fair was awarded to Charles Margrave of

Toronto. He registered with fair officials as being 96 years of age.

The oldest woman at the fair to register was Mrs. William Dugan of Lochlin. She is 80 years of age.

The prize for the longest married couple attending the fair was awarded to Vera and Henry Howe R.R. No.1, Haliburton. They have been married for 58 years and six months.

Flower Show

(from page 1)

created by members of the local group. An invitation was extended to three area groups, but apparently only two, Kinmount and Norland, will be participating. The Bobcaygeon society had to decline the offer since their own flower show is this weekend as well.

Another interesting feature of the show will be the awarding of prizes for the best flower and vegetable gardens in the area. Judges viewed the efforts of entrants several weeks ago and took photographs of these well-managed plots at that time. The pictures will be on display along with the results of the competition.

"This is the first time we have held a flower and vegetable competition," organiser Pat Campbell commented. "We hope it is a success and will result in the event becoming an annual affair."

She also notes that it has been a particularly busy year for the members of the association as volunteers from the group were responsible for the floral displays along the river, the hanging flower baskets along main street and the floral displays at the entrances to town.

The general public has been invited to view the entries and the results of the competition this Thursday evening from 7 p.m. to 9 p.m. and Friday, August 15, from 10 a.m. to 4 p.m. The exhibition will be held at the St. Paul's Parish Hall.

Shore Allowance

(from page 1)

an effort to gain an understanding of this problem.

Reeve Jim Harrison pointed out that Stanhope is only dealing with the original 66 foot allowance. "Nine out of ten are probably under water now. So how much property are we talking about?" he asked.

It seems that the proposed policy needs more work by Stanhope council. The matter was deferred because two council members were absent and Harrison explained he wanted each council member's full attention to the matter before passing any by-laws.

Extra Coverage

Stanhope council will increase Workmen's Compensation coverage for the volunteer firemen in the township.

At the August 6 meeting, township clerk, Gerald Bain, read a letter from the Workmen's Compensation Board which gave notice of the new increase to \$18,500 per person annually up from \$16,200.

Council passed a motion agreeing to pay the new amount which is the maximum allowable for this year.

Fire chief, George Wilson said he was pleased with council's decision to pay the maximum.

Stanhope council supports railway

Stanhope council has agreed to a resolution supporting the retention of a section of the CNR rail line between Haliburton and Lindsay.

The decision was made at a special meeting on Monday night.

A hearing, requested by

Canadian National Railways, to examine the possible abandonment of the line was to have been held on July 22. However, due to pressures from several sources in the county, the hearing was delayed until September 9.

Pressure was also put on to move the location of the

hearing from Lindsay to Haliburton county because it is thought that this area will feel the impact more.

Stanhope clerk, Gerald Bain, read a letter from Win Lahay, clerk for the Provisional County of Haliburton which was addressed to the township

reeve, asking for support in this matter.

In her letter, Mrs. Lahay said she had already contacted nine township reeves and stated that eight had approved the resolution to keep the line open. She then urged the reeves to approach council with the proposal.

Several points, namely the possible increase in tourist dollars and the more efficient transportation of goods, led council to their eventual decision.

"I think it should be a county effort," said Reeve Jim Harrison.

Councillor Roger Wood added that "the train will become a cheaper means of transportation at some point."

Metro Carn. corn concert

Over 200 country/western music lovers enjoyed Metropolitan Carnarvon's first Outdoor Concert at Stanhope 'International' Airport on Sunday afternoon. Featuring the music and

singing of Jeff Barry's Barry Pickers, the three hour jamboree contained many unusual features.

Co-sponsored by the Metropolitan Carnarvon Board of Trade & Wine

Tasting Society, The Stanhope Airport Committee Air Haliburton Limited and the Parachute School of Toronto Limited, this particular concert had all the ingredients for being different - and it was.

Coincidentally, two local students at the Parachute School made their very first jumps just before the music started. Doris Wolm and Joe Hughes, both from Metro Carnarvon, impressed the crowd with their performances.

The concert was such a success on such short notice that the co-sponsors already have plans underway for a similar outing on the Sunday of Labour Day weekend featuring the Cedar Creek Blue Grass Band, a Windsor based group that is already building a following in Haliburton county.

Fair Results

Horseshoe pitch

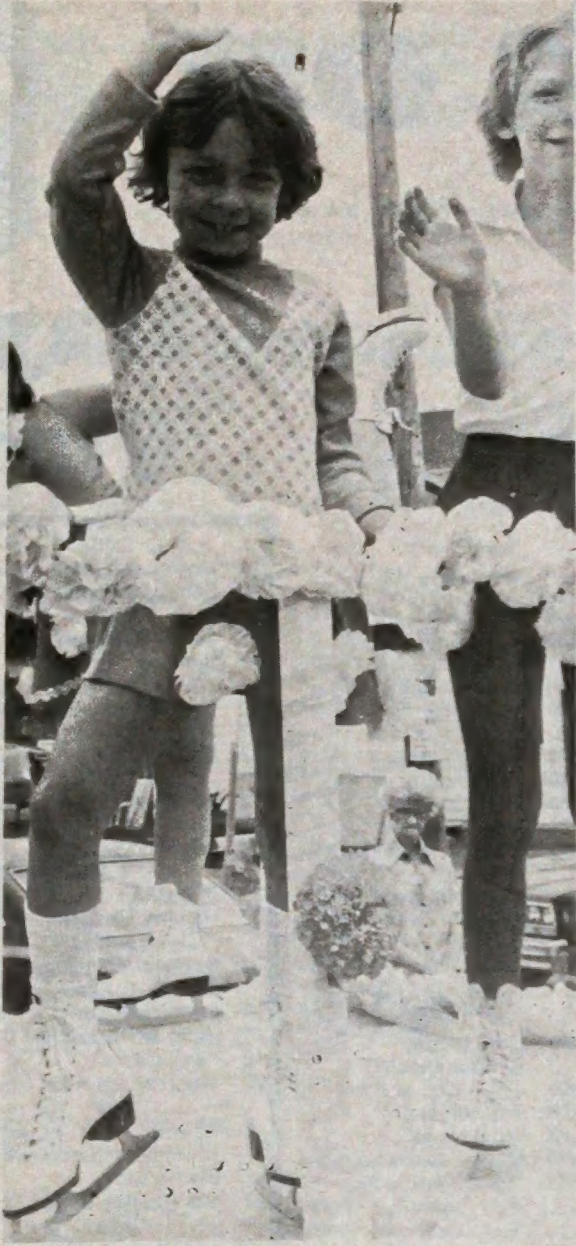

Doubles competition: first, Grenville Ray and Dick Jewell; second, L.T. Nichols and Art Collins; third, Ted McLaughlin and Doug Dart.

Run and Ride Race

The run and ride race was a new feature of this year's fall fair. Those taking part entered in pairs with one horse. The rider and runner started off from the same point and when the rider reached the first mile point he tethered the horse and started running. When the runner reached the first mile point he mounted the horse and rode for the next mile. In this way the pair would alternately run and ride the complete eight mile distance.

The race proved to be a very popular event this year and the organizers have indicated that the race will likely become an annual event. The race is sponsored by the Rockcliffe Hotel.

Placing first this year with a time of just under 48 minutes were Ron and Toos Reid with horse Gold Seeker King. Not far behind in second spot were Frank Holden and Paul Travers with horse Cinderella Bars and third Leslie-Anne and Allison Connell on horse Pithra.

More Fall Fair results in next week's edition

Canada's Employment Tax Credit Program has been extended.

Create a job and you can create up to a \$3,120 tax break for yourself.

It's simple.

How would you like to deduct as much as \$3,120—or more—from your federal income taxes?

It's simple. Expand your work force by creating new jobs and you can also create a tax break for yourself. Up to \$3,120 for each new employee hired providing that the job is created as a direct result of the Employment Tax Credit Program.

And it's simple to do. You just fill out one single-page form. Full details are available at your local Canada Employment Centre.

Tuesday morning, Rev. David Barker of Minden Anglican

Hustlers down Bobcaygeon

The Minden Rockcliffe Hustlers ended the season in flying style last Wednesday (August 6) as they downed Bobcaygeon 14-1. The local squad was assured of a first place finish in the regular season of play several weeks ago. They dominated the year's play, losing only three times in 20 outings.

Jack Snell led the team to victory in its last outing of the regular season. Craig Stamp was also an outstanding player as he hit two home runs. Dwight Sisson also connected for a round-tripper.

The team now enters the play-off series which begins shortly.

Fall Fair competition

During the fall fair baseball tournament, the Hustlers went down to defeat at the hands of Huntsville West End Gulf, the eventual tournament champions.

The Hustlers met a Toronto team in the first game, defeating them 3-2. The loss to Huntsville was by a 4-2 score. In that game, Craig Stamp connected for a homer.

The championship game saw Huntsville defeat D and R Vinyl of Toronto 8-3 to take the trophy.

Church held communion in the chapel. Mrs. Agnes Taylor played the organ during the service.

Wednesday afternoon it was a pleasure to welcome the Happy Wanderers from Cobocok. We enjoyed an hour of their lovely singing and shared a cup

Red Cross Bazaar successful

The bazaar held by the Minden and Lindsay Branches of the Red Cross A.I.D. on August 2 was successful.

A total of almost \$1000 was raised for the disaster fund which will be severely drained in assisting areas recently devastated by hurricane Allan.

The Branch was most fortunate to receive donations of handwork from local residents - Doris Grant, Florence O'Brien, Jean Jackson, Helen Stott, Brenda McKinlay and Vy Aikman of Haliburton.

The lovely quilt made by Mrs. Aileen Blears, vice-president of Minden Branch was won by Mrs. Velma Stevenson of Minden.

The excellent co-operation by the members of the A.I.D. Division of the Minden Branch who have been working since January, made this event a most rewarding experience.

of tea and cheese and crackers with them after their performance. Our residents have become very good friends with this group and look forward to their visits.

The ladies of Hall's Lake were here on Thursday for the tea party. They brought a lovely lunch consisting of raisin bread and cake. During the party we

enjoyed the snappy music of Ray Jenkins on the piano.

Saturday we loaded the bus and went to the Minden fair. We took part in the parade and then spent the day watching the activities at the fairgrounds. Our resident ladies were very pleased to win first prize in their organised group display.

Group seeks answers from county seniors

The Haliburton County home Support Services is looking for answers.

The organisation recently sent out questionnaires to residents in the county who are over 55 years of age. The purpose of the survey is to obtain an indication of the needs of the older members of the community. Once this has been ascertained, the home support group and local volunteers will be able to prepare programs to meet these needs.

According to the organiser, the survey is to be completed and returned by August 31.

Of particular concern to the

group is the fact that some residents who may wish to take part in the survey will not be contacted. The survey forms were mailed to residents whose names appear on the tax rolls. As a consequence, those people who rent their accommodations and who are over 55 years of age, will not receive the forms.

Those wishing to be included in the assessment of county needs can pick up a copy of the survey at the local post office or can call 457-2921 and a copy will be mailed to them.

286-1195

Haliburton County Fair had a crowd both days enjoying what they liked seeing most. The Exhibition, the chat with relatives or old friends, the continuous entertainment, the amateur show, the dog show, the horse shows or the horse draw. Competition is the way it is, so only fine work was rewarded with prizes. Special mention should be made that Harry J. Cowen was presented with the Agricultural Service Diploma as a member of the Board. The Parade came slowly along with people standing all along the route; the band was a good one and they had a good routine, shown inside the grounds. Must not forget to mention the sky-divers, although it was very windy, they came down near their objectives. The members of the Board work long hours and should be proud of a very successful fair.

Mary and Al Coneybeare had a surprise visit from their "Mexican daughter" Beatriz Baqueiro D'Ortegon and her husband Francisco. The Coneybeares were Madrone and Padrone at this couple's wedding last November in Campeche, Mexico.

Visiting with the Hugh Taylors last week were Mr. & Mrs. John Davidson and family of New Midas, N.S.

The C.N.E. opens this week in Toronto, we note there are special buses direct for this if you want an easy way to get there, check at your bus station.

Minden's Rotary Exchange student of the past year arrived home from Belgium in the person of Lorraine Perry. The Times had her letters and they were interesting to read as her hosts gave her trips to Holland, Germany, France and Spain as well as their own country.

Mrs. C. Yearwood was away last week visiting with Mrs. E.V. Blaind at Belleville and relatives at Napanee and Kingston as well.

Twins arrived August 8 for Teresa and Peter Dennys, grandchildren of the Jack Dennys and great grands for Ethel and Don Sinclair.

Sincere sympathy goes to the family and friends of the late Archie Brown of Lochlin whose funeral was last week.

Recent weekend guests with Mrs. Arnold Coulter included Clara Coulter of Peterborough and the Ray Rivers of Toronto.

A hill is not so hard to climb. Taken one step at a time. One step is not too much to take. One try is not too much to make. Sure, everything worthwhile

is done by small steps taken, one by one

Congratulations go to Doris McCall of London, Ontario who won the Rotary Jackpot last Thursday night of \$250 in 58 numbers called.

Guests with Mr. & Mrs. Angus Coulter included Mr. & Mrs. Abe Upton and Mrs. Dorothy Bethune all of Utererson and Gerald Coulter of Toronto.

Weekend guest with Mrs. Ern Hewitt was son Colin of Dacre, Ontario.

Blake Hughes and girls of Mississauga spent the weekend with grandparents Bob and Bertha Hughes and the girls stayed on for this week.

Miss Laura Bird of Toronto is spending a few days with her family, the Earl Birds.

Blanche and Harvey MacIntosh were away Sunday for a day at Gravenhurst.

On the draw for the three rockers at Minden Furniture, winners were Madelaine Wagg, Ruby Shaw and Gloria Hall.

Minden Rotary Club's Exchange student this year is Lee Potter who left on the weekend for a year in Mexico.

Mrs. Gilbank had a bad fall last week and spent several days in the local hospital, but we are pleased to report there were no broken bones.

We stopped in to see Faye Hobden and she is in good spirits, living now in one of the Senior's apartments and of course, her box of plants was blooming outside the door with the extra care she

gives them.

We read where they were spraying weeds in places, but that must be very necessary where ragweed or goldenrod are present, as so many people

Hi! Hope everyone is enjoying their holidays despite the rain, humidity and whatnot. Have had some lovely days as well. Won't be long now holidays will soon be over for another year, so enjoy while you can.

Mrs. Elsa Seuret has her grandson Christopher Seeley visiting with her for two weeks.

Professor Ewin from Guelph is visiting with the Morely Sparlings for a few days.

Reverend and Mrs. W.L.

Sharpe and family have visiting friends at Sharbot Lake for a week.

Cindy Roodenburg is home after visiting with friends in Toronto for a week. She had a good time.

Pastor and Mrs. Thornton and family from Niagara Falls were visiting on the weekend with Mr. and Mrs. Ken Bowron and family.

Also visiting with the Ken Bowrons last Thursday were Mr. and Mrs. Jim Bacon, Mr. and Mrs. Bert Bowron from Kinmount, Mr. Harold Thompson and Mr. Bill Horn from Minden, formerly from Beamsville.

suffer from the effects of these.

Don't forget the Minden & District Flower show this Thursday evening from 7 until 9 and Friday from 10 to 4, all at the St. Paul's Parish Hall. That Friday also, the Thrift Shop will be open upstairs from 2 to 4.30p.m.

Our river seems very high as yet, looks dangerous for swimming. Cheerio until next time.

Lines from Lutterworth by Jean Lacey

Mr. and Mrs. Frank Dunsford had relatives, brothers and cousins from the Toronto area, also they have another cousin staying with them for a week.

The men had such a good time last week, they decided to do it again this weekend. Bruce and Bernice with their daughters Penny Lacey, Irene Graham and her daughter Kim spent Sunday with us.

Mr. and Mrs. Nuetzel and daughters were up to their cottage for the weekend, they went to the Fair for the first time and really enjoyed it.

Our family is away for two weeks. A-h-h-h peace and quiet.

Hint of the week
Fill stained and discoloured tea and coffee cups, etc. with a solution of salt and vinegar, let stand for a time, then shake well and wash in clear water.

Speak well of everyone if you speak of them at all. Bye for now. Take it easy. God bless till next time.
